

PLYMOUTH BOARD OF SELECTMEN

TUESDAY, MAY 10, 2016

MAYFLOWER ROOM, TOWN HALL, 11 LINCOLN STREET

7:00PM - CALL TO ORDER

Ken Tavares, Chairman of the Board, called the meeting to order at 7:05 p.m. and led the Pledge of Allegiance.

Present: Kenneth A. Tavares, Chairman
 Anthony F. Provenzano Jr, Vice Chairman
 John Mahoney
 Sean P. Page
 David Malaguti

 Melissa Arrighi, Town Manager
 Derek Brindisi, Assistant Town Manager

7:05PM – PUBLIC COMMENT

Many residents got up and spoke about the proposed Solid Waste Rates as well as the Dog Park in West Plymouth. Chairman Tavares stated that both of those Hearing were held the previous week and Public Comment was received at that time. He did however, allow a few more residents to comment before they Board took over both of those discussions.

Some residents spoke in favor of the Dog Park while others spoke against. All of the residents that spoke on the Solid Waste Rates increase said it was too much of a jump.

7:35PM - LICENSES AND ADMINISTRATIVE NOTES

LICENSES

On a motion by Sean Page and seconded by Anthony Provenzano Jr, the Board approved a One Day All Alcohol License for **Plimoth Plantation, Inc.** for an Annual Meeting being held on June 25, 2016 from 4:30pm to 8:00pm at the State Pier Exhibit Areas. *Voted 5/0*

Southeast Corner:

N 41° 59' 17.04"

W 70° 40' 40.74"

7:45PM – PUBLIC HEARING (*TOWNE LINE TAVERN*)

Joshua Humicello came to the podium to present his restaurant to the Board. He described it as a food based establishment that would be serving breakfast, lunch and dinner and that they wanted to be able to serve patrons that held odd hours like early morning and late night.

Anthony Provenzano Jr, Vice Chairman, asked Mr. Humicello what his previous experiences were in regards to running a restaurant.

Joshua Humicello replied stating that he managed a Pizza Shop and Michael's Restaurant which was a full service restaurant including alcohol.

Ken Tavares, Chairman, asked if anyone in the audience would like to get up and speak in favor of this license.

Flora came to the podium and said even though she was not a resident she was assisting Joshua in the setup and opening of his establishment. She went on to say she was overseeing and executing the opening by ensuring everyone was tip certified, serve safe certified and that serving would be done properly. She emphasized that it would be a family restaurant and not a bar atmosphere.

Ken Tavares asked how many people the restaurant could hold, and Flora replied by saying 15 at the bar and 8 tables.

David Malaguti, Selectman, stated that he felt they should consider don't starting off with the extension of hours until they've been open a while and had more experience.

Flora replied by saying that they wanted to do a full late-night menu to cater to the people in the community that work late nights and need a place to dine.

Mr. Malaguti replied by saying he was concerned about the late night hours as the location is in a residential area even though there are other businesses.

Mike Bowers, Owner of the building, came to the podium and said that the restaurant could not reach its full potential by closing earlier. There are apartments over the restaurant and

there have never been problems, and the residents are really excited about a food establishment coming back into the area.

Chairman Tavares stated that this location has been a restaurant before and they have had the extension of hours without it being an issue. And where it has proven to be fine it speaks to considering the extension of hours.

David Malaguti wanted to clarify by asking if the alcohol will be removed from the tables at 12:45am in order to close the restaurant at 1:00am. He also said that we've had issues in the past with food staying on the tables until 2:00am.

Mr. Bowers said that the kitchen would be closing at 12:30am to ensure that diners would be done and out the door by 1:00am.

Sean Page, Selectman, said that some people say Plymouth has too many bars and restaurants in town, however I find this refreshing. He also said it was a great idea wanting to cater to the late night crowd. He felt that people leaving bars that late at night should be eating and putting something into them before going home. He reminded them that licenses can be revoked so to manage it responsibly.

On a motion by Sean Page and seconded by John Mahoney, the Board approved all license requests for **Towne Line Tavern, Inc.** *Voted 5/0*

8:01PM – SOLID WASTE HEARING – CONTINUED (*SELECTMEN'S VOTE*)

Ken Tavares, Chairman, directed the comments to the Board as Public Comment was last week.

David Malaguti, Selectmen, said that he doesn't fill more than one trash bin every two weeks so does not support this big of an increase. He suggested subsidizing the fees with the Special Purpose Solid Waste Stabilization Fund. Mr. Malaguti went on to say that the whole system including recycling and difficult to manage waste needs to be addressed and we need to move some numbers around.

Chairman Tavares asked Mr. Malaguti to discuss the Stabilization Fund that he was suggesting using for the subsidy.

Mr. Malaguti explained that back when recycling was at its best the Transfer Station generated some extra money which was put into a Stabilization Fund created just for this purpose and there is roughly \$100,000 in there at this point.

Mr. Tavares stated that they had to be clear where these funds would be coming from and what the balance is and would be.

Melissa Arrighi confirmed that the account was a Stabilization Fund and that after dedicating these funds for the subsidization there would be roughly \$200 left.

Anthony Provenzano Jr, Vice Chairman, asked that if we subsidize from this fund and it's depleted what would we do for next fiscal year, go into the General Fund.

Ms. Arrighi replied by saying yes, that would be the scenario if you chose to subsidize again next year.

John Mahoney, Selectmen, stated that, for the record, this Board did everything they could to save the other transfer station from closing. He reiterated that if we wanted to continue subsidizing then it would have to come from the General Fund.

Selectman Malaguti suggested forming a Solid Waste Working Group to take on all aspects of waste removal. He said he doesn't know where it will lead but the possibilities are endless. Mr. Malaguti went on to say that at one point there was \$200,000 in this Stabilization Fund so thought that there's a good chance that a working group could figure out how to make that happen again.

Chairman Tavares asked what else the \$100,000 in the Special Purpose Solid Waste Stabilization Fund could possibly be used for, to which Ms. Arrighi replied nothing. She clarified that this fund can only be used for solid waste purposes.

Ken Tavares said that we need to discuss what this new working group would be charged with before we think about forming it. He also said that they should look into the Town taking over the difficult to manage part of the transfer station.

Melissa Arrighi said that it might be tough to get that past the unions, and adding more on to DPW might be tough as well.

Sean Page, Selectmen, said that he hoped the DPW could handle it as its run by one person now, He also said it must be profitable or the current company managing it would not still be there.

Chairman Tavares wanted to clarify what the increases would be before calling for a vote. He stated that with the subsidy the Transfer Station Rate would go from \$115 to \$168 which is an increase of \$53, and the Curbside would go from \$185 to \$191 which would be a \$6 increase.

On a motion by David Malaguti and seconded by John Mahoney, the Board approved the Subsidy if \$100,000 from the Special Purpose Solid Waste Stabilization Fund bringing the new rates for FY17 to be \$168 per year for the Transfer Station and \$191 per year for Curbside. *Voted 4/1 = Tavares-Yes, Provenzano-No, Mahoney-Yes, Page-Yes, Malaguti-Yes*

Chairman Tavares told the Board and the Town Manager that he would like to discuss the proposed Working Group at future Selectmen's Meeting.

8:35PM – DOG PARK HEARING – CONTINUED *(SELECTMEN'S VOTE)*

Chairman Tavares brought the discussion back to the Board as Public Comment was heard at the May 3, 2016 Selectmen's Meeting.

Selectman Malaguti began by saying he has a deeper respect for dog parks and dogs in general because of Mrs. Ward's tribute to her son. He also said that he was in favor of a dog park but was not convinced that this location would be the right spot. Mr. Malaguti went on to say that it has universally been an unpopular spot. He also said he felt that the recreation area was created for children and it should be kept that way. He finished by saying he would not support a dog park in this location even if it were flip-flopped with the ball field.

Anthony Provenzano Jr, Vice Chairman, said that he lives across the street from a de-facto dog park. He explained that it is a fenced in area and people come from all over Plymouth with their dogs. Mr. Provenzano went on to say that living there within feet of this de-facto dog park does not jive with some of the opponent's concerns. He said that he will hear barking once in a great while, but said he hears more dogs barking outside of his work office than at his house across from the park. He said he had never witnessed a dog escape the fenced in park and pointed out that it isn't double fenced like the proposed dog park would be. Mr. Provenzano continued to say that he disagreed with last week's statement that dogs and children don't mix. He said that most children love dogs and the biggest problem parents will have at the recreation field is their kids asking them to stop at the dog park. Mr. Provenzano finished by saying he supports this dog park moving it over to the other side of the recreation road as proposed as the second option.

Selectman Sean Page started by saying the biggest thing he's learned since being on the Board is that no matter which way you vote on an issue someone will not be happy. Having said that, he explained that he walked the entire site and the wooded area across from the proposed site and thought it would be a great location. He also said that he has two bull dogs that bark when he comes home, bark when he leaves, and even barks at birds out the window, but they never bark when they are outside. He also said he would rather see a dog park than have them running around a ball field before or after a game, because kids get soiled from people not cleaning up after their dogs, adding that dog parks provide bags so this wouldn't be an issue. He finished by saying he supports this dog park located at the second option across the road. Mr. Page finished by saying he hoped this was the first of many more dog parks in Plymouth.

Selectman John Mahoney said that he also walked the recreation area. He stated that there is very little Town owned land to work with. He said that we are still in need of more recreation fields. Mr. Mahoney said that the Town doesn't need a dog park, it need 4 or 5 dog parks and it would be a dis-service to the Town to deny this request. He finished by saying that he supports this dog park on either side of the road.

Ken Tavares said that he played back what everyone had said last week regarding the dog park and he takes it seriously. He stated that he would consider moving the dog park to the other side of the road but said we would have to hold another hearing because it might effect a whole other group of abutters. He also said that there has been more time spent on this than the school budget so he would like to see this wrapped up soon.

Selectman Page said that the hearing that was held the previous week covered moving the dog park to the other side and that it had been discussed in length.

Vice Chairman Provenzano also said that the location across the road was discussed in length the previous week and that it was presented as option number two, and felt that another hearing was not necessary.

On a motion by Sean Page and seconded by Anthony Provenzano Jr, the Board approved the proposed Dog Park in the location named as Option 2 which is located across the Recreation road on the airport side of the property. *Voted 3/1 = Tavares Abstained Provenzano-Yes, Mahoney-Yes, Page-Yes, Malaguti-No*

9:10pm - COMMITTEE LIAISON / DESIGNEE UPDATES

9:12PM - OLD BUSINESS / LETTERS / NEW BUSINESS

David Malaguti wanted to say that it's the end of his 22nd year of serving as Selectman, and with the election coming on Saturday he wanted to let his fellow Selectmen know that it has been a pleasure working with them.

Anthony Provenzano Jr reiterated Mr. Malaguti's sentiments and went on to say it was an interesting year with many memories.

Chairman Tavares reminded everyone to get out and vote and that the polls would be open from 7:00am to 7:00pm on Saturday.

9:14PM - ADJOURNMENT

On a motion by Sean Page and seconded by John Mahoney, the Board voted to adjourn the Open Session at 9:14pm. *Voted 5/0*

By Roll Call: Tavares-Yes, Provenzano-Yes, Mahoney-Yes, Page-Yes, Malaguti-Yes

Recorded by: Christopher Badot

Administrative Assistant, Board of Selectmen
